If you have any comments please contact us at www.sunbayint.com

Sun Bay International is a Customhouse Broker, Freight For-warding and NVOCC organization based at LAX (Los Angeles and Long Beach) - the major trading port in the United States.

Company Profile

Sun Bay International was established in 1990, predominately to act as a Customhouse Broker, and expanded into Freight Forwarding Division.

Sun Bay International is a fast growing, dynamic, and progressive company engaged in the Customhouse Brokerage business and Freight Forwarding business. Our staff is composed of a highly qualified and experienced people.

We emphasize the meaning of “full Service” in the international transportation arena to offer a comprehensive, worldwide resource for the international organization with sophisticated shipping needs. Our staff are seasoned traffic coordinators, handling projects, chartering vessels, and negotiation rates. Services offered are a fine-tuned blend of highly technical computerized import and export multi-modal transportation logistics, combined with a strong belief that premium clients deserve a highly personalized premium service, effectively removing the client from the transportation headaches that the activities create.

As a result of this philosophy, Sun Bay International has established a select clientele around the world, who demand that their goods are transferred in and out of various countries efficiently, cost-effectively, and without delays. This mandate is strictly adhered to, always bearing in mind that the underlying responsibility to the client is to minimize the risk of loss or damage to the goods.

Logistics Services

Sun Bay International creates value-added, customized logistics solutions for our clients around the world. We pride ourselves on the quality of our people, our suppliers and, above all, our ability to understand our clients' business.

At Sun Bay International, logistics is much more than just clearing customs or the movement of goods. We analyze available resources and identify the optimum critical path that results in the ultimate satisfaction of our clients. In fact, we go beyond meeting our clients' requirements, and take it a step further to create a logistics model that far exceeds the expectations of our clients.

Automated Broker's Interface

ABI is second nature to us; we have the most up-to-date computer software and hardware capable of meeting the changing requirements and revisions enacted by U.S. Customs Service. This has allowed us to offer a variety of services that other brokers are not able to provide. The following are some of the ABI services:

Paperless Clearance	Electronic filling allows Customs clearance in minutes.
Quota Query	Enables us to query Quota Categories.
ABI Drawback	Enables drawback filer to receive their refund in less time than ordinary filers.
Entry Query	Enables us to ascertain the status of entries in prior and post liquidation periods.
Currency Rates	Allows us to receive daily foreign exchange rates provided by U.S. Customs Service.
ADD/CVD Query	Enables us and importer to remit payments to U.S. Customs Service electronically
EDI	Electronic Data Interchange enables importer and broker to transfer data (invoices, packing lists, bills of lading) electronically, thereby facilitating customs clearance.
All	Automated Invoice Interface enable remote filing of entries in any port in the U.S.

Freight Forwarding / NVOCC

Sun Bay International Cargo Service offers as much - or as little - assistance as you need to get your shipment from Point A to Point B.

We can simply coordinate the consolidation of goods for efficient transit, or we can act as the single point of contact for your entire supply chain, providing complete end-to-end management of all sourcing, purchasing, warehousing, routing and customs brokerage activities.

Sun Bay International works with clients to develop strategies for the control of international product transportation and related services for both supply and delivery channels.

Using a unique, integrated process analysis approach, we can identify effective and efficient channel-network strategies and services that will meet the demands of your international and external clients' needs, while achieving the right balance of cost and service.

Sun Bay International offers the new and established importers and exporters a full range of consulting services including:

Strategy and implementation development

International supplier identification assistance

Foreign Trade Zone use

Customs compliance analysis

Conversion of domestic purchases to international purchases

Full landed-cost studies

Audits of import / export operations

Air Feight

Air freight represents much more than goods in flight. In the hands of seasoned, talented logistics professionals, it becomes a valuable tool in reducing a client's costs, improving delivery performance and enhancing competitiveness.
